GENERAL PRICE LIST

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. **However, any funeral arrangements you select will include a charge for our basic services of the Funeral Director and staff.** If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected. This list does not include prices for certain items you may ask us to buy for you, such as cemetery or crematory services, flowers, and newspaper notices. The prices for those items will be shown on your bill or the statement as cash advances describing the funeral goods and services you selected.

PROFESSIONAL SERVICES

Basic Services of the Funeral Director & Staff \$2,295.00

Our basic service fee includes, but is not limited to: staff to process and respond to initial request for service anytime; shelter of the deceased for up to 48 hours until the public memorial, funeral activity or final disposition; arrangement conference and consulting with family or other responsible parties; arrangement of the funeral or memorial tribute; preparing, recording and filing legally required documents and vital statistics; preparation and placement of obituary notices in newspapers and funeral home website (Book of Memories); and coordinating final disposition with those providing other portions of the funeral such as cemetery, crematory, clergy, fraternal organizations, vault companies and others as required. This fee for our basic services and overhead is non-declinable and will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials and forwarding or receiving the deceased.)

Embalming \$725.00

Except in certain special cases (see below) embalming is not required by law. Embalming may be necessary if you select certain funeral arrangements, such as a service with a viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as immediate burial or direct cremation. Most common carriers require embalming and it is usually necessary for all foreign transfers.

It is our firm's policy to request either embalming or a sealed casket if the body is going to be present for indoor service activities, whether viewed or not.

We highly recommend embalming when the deceased is going to be dressed, when the deceased is going to be viewed, and when the deceased is going to be entombed.
